PROFESSIONAL SUMMARY

Customer-focused professional with 6+ years of experience delivering exceptional support across high-volume, client-facing environments, now expanding into frontend web development. Combines strong CX expertise in CRM systems, ticket management, and cross-functional coordination with hands-on skills in HTML, CSS, JavaScript, React, and AI-assisted development tools. Uniquely positioned to bridge the gap between technical teams and customer-facing operations.

CORE COMPETENCIES

- ◆ HTML, CSS & JavaScript
- ◆ React & Component-Based UI
- ◆ AI-Assisted Development (Cursor, Bolt)
- ◆ Responsive Web Design
- ◆ CRM & Order Management Systems (OMS)
- ◆ Ticket & Escalation Management
- ◆ Customer Retention & CSAT Improvement
- ◆ Cross-functional Team Collaboration
- ◆ Google Workspace & Microsoft Office
- ◆ Clear Written & Verbal Communication

WORK EXPERIENCE

Frontend Web Developer (Freelance)

Jan 2026 – Present

Self-Employed / Independent Projects | Accra, Ghana

- ▶ Designed and developed responsive landing pages and websites using HTML, CSS, JavaScript and React, with a focus on clean UI and smooth user experience.
- ▶ Cloned and rebuilt real-world websites to sharpen frontend skills, replicating layouts, components and responsive behaviour across screen sizes.
- ▶ Leveraged AI-assisted development tools including Cursor and Bolt to accelerate project builds, prototype ideas quickly and write cleaner, more efficient code.
- ▶ Built and maintained personal portfolio projects hosted on GitHub, demonstrating practical frontend skills and consistent commitment to learning.
- ▶ Applied UX thinking and empathy-driven design principles drawn from a customer experience background to create interfaces that are intuitive and user-friendly.

Customer Experience Specialist

Jan 2025 – Mar 2026

THE/STUDIO | Remote, CA, USA

- ▶ Managed end-to-end customer journeys for 100+ concurrent orders via OMS, achieving 98%+ fulfillment accuracy and on-time tracking.
- ▶ Resolved 50+ weekly escalations using CRM, Slack and Google Workspace, reducing average response time by 30% and consistently improving CSAT scores.
- ▶ Maintained 90%+ customer retention through proactive outreach and tailored follow-ups across design, production and post-delivery stages.
- ▶ Partnered with design and production teams to ensure zero-defect delivery, translating customer requirements into clear, actionable production briefs.

Client Relations & Support Coordinator

May 2024 – Dec 2024

Home Tutors Ghana | Accra, Ghana

- ▶ Managed onboarding and ongoing communication for 15+ client accounts, achieving 95% client satisfaction through personalised, attentive service.
- ▶ Acted as single point of contact for all client concerns, resolving queries within 24 hours and proactively identifying areas for service improvement.

Customer Support & Administrative Specialist

Sep 2020 – Dec 2022

Jesus the Savior School | Accra, Ghana

- ▶ Served as primary liaison between 40+ client families and service teams, managing expectations, delivering updates and resolving concerns promptly.
- ▶ Coordinated scheduling and communications for a 10-member team, reducing scheduling conflicts by 40% and improving service response times.

- ▶ Built strong long-term client relationships, contributing to a 15% growth in client retention and referrals over 2 years.

Biomedical Engineer – National Service

Sep 2018 – Aug 2019

St. Dominic Hospital | Akwatia, Ghana

- ▶ Maintained 6+ critical hospital systems including oxygen plants, generators and cold rooms, achieving 99% uptime across all monitored infrastructure.
- ▶ Trained 15+ nursing staff on medical device handling, reducing equipment misuse incidents by 35% through clear, practical and jargon-free instruction.

EDUCATION & TRAINING

Web Development Program — MEST / Generation Ghana

Jan 2025 – May 2025

HND Biomedical Engineering — Koforidua Technical University

Sep 2015 – Aug 2018
